I'm proud to share this 2024 Annual Report with the citizens of Hedwig Village to showcase the outstanding efforts put forth by our employees to keep this city a safe place to live, work, shop and raise a family.

2024 was a good year in Hedwig Village. The city faced a "Dorecho" storm that brought some very strong winds and then faced Hurricane Beryl a couple months later. The city responded exceptionally well and through team work and cooperation we were able to recover rather quickly. Crime continued to trend downward, with shoplifting and burglary of motor vehicles leading our criminal incidents.

In 2024, we saw the retirement of Chief of Police David A. Gott, following nearly 12 years of exceptional service and leadership to the City of Hedwig Village, and we wish him a long and healthy retirement. On September 30, 2024, I had the honor and privilege of being sworn in as the new Chief of Police. I am so grateful for the amazing support shown by the residents and employees of the City of Hedwig Village. We welcomed a few new employees, Robert Bell, Kobe Flores and Manuel Rodriguez, and promoted Josphe Bissett to sergeant to lead the night shift patrol.

Always remember, your police department is here for you, be aware of your surroundings and never hesitate to call if anything seems wrong or out of place. In the event you want to commend the actions of a specific police department employee or have any questions or concerns you can contact me personally by calling the department at (713) 461-4797, or by e-mail at [jwood@hedwigtx.gov](mailto:jwood@hedwigtx.gov)

## Mission

The department's mission statement articulates the reason for our existence as an organization. It serves as a continual reminder of the goals we strive to achieve and of the basic framework in which we operate to achieve those goals.

It is the mission of the Hedwig Village Police Department to provide a quality environment for our residents, business people and guests by preventing crime, maintaining the social order and reducing the fear of personal victimization. This mission is realized as we impartially, yet aggressively, uphold federal, state and local laws, conscientiously deliver professional police service and respect the individual rights of those we encounter.

## Values

The values of the Hedwig Village Police Department provide substance to those attitudes and beliefs that we adhere to as fundamental to policing. They are as follows:

***To Protect.*** We believe we have an obligation to the citizens and business people living and working within Hedwig Village to protect life and property whenever and wherever either is threatened.

***To Serve.*** We will strive to improve the quality of community life through the provision of superior and equitable services. We recognize that quality service goes beyond law enforcement and involves those legitimate service activities deemed important by the community. We understand that a reputation for quality service is built one police-community interaction at a time and we will endeavor to ensure each interaction adds to our reputation as a service organization.

***To Model Integrity.*** We recognize that authority has been entrusted to us for the common good and believe that police officers must be people of integrity if we are to responsibly handle that authority. We define integrity as that quality which requires us to carefully evaluate each situation, make a valid legal, moral and ethical decision based upon the circumstances of that situation, and carry out the action required by that decision even when it is not convenient or

popular to do so. We believe that people of integrity act in the described manner even when failure to do so would go unnoticed. We believe that police officers with integrity adhere to this philosophy in their private lives as well.

***To Demonstrate Professionalism.*** We realize the general public has certain expectations regarding the manner in which police officers conduct themselves. Our demeanor when handling various situations, an attitude of impartiality, and the level of responsibility we exhibit when exercising authority are illustrations of the areas in which the public holds expectations. In the aggregate, the expectations the public has of us and our ability to meet those expectations, defines our level of professionalism. We believe that we have a responsibility to act professionally in all of our encounters with the public and with each other as well. We hold that professionalism extends beyond our regular tour of duty and is, in reality, a way of life.

## Hedwig Village

According to local historian Thomas Roth, the Memorial Villages derived from land grants given to John Taylor and Isaac Bunker for their service during the Texas War of Independence from Mexico. Over the years, they sold parts of their land and the area was settled. In the early years, the area contained mostly farms, but there were also sawmills and lumberyards due to the area being heavily wooded.

In 1954, a group of citizens, intent on instituting zoning and resisting being annexed by Houston, incorporated the Memorial Villages and the city of Hedwig Village was born. The city is named after Hedwig Road, which was named after Hedwig Jankowski Schroeder, a landowner who emigrated from Germany.

Before the incorporation, the Harris County Sheriff's Office policed the area. After incorporating, the villages appointed one paid marshal and had several volunteers patrolling in their own cars. In 1958, Hedwig Village voted to join with other area cities to form a joint police department. As time passed, the citizens of Hedwig Village realized that in order to meet the unique policing challenges of its community, they would need to form their own police department, and, in December of 1976, the Hedwig Village Police Department was created. The original department consisted of one police chief and eight police officers. The first chief was James H. 'Jimmy' Jones, a retired Houston Police Officer.

Today, Hedwig Village is a dynamic city with approximately 2500 residents, over 500 businesses and a day-time population of around 30,000 people. The police department has become a fully functional modern department with 24 full-time employees.

### **Texas Police Chief's Association Accreditation Program**

The Texas Police Chief's Association Law Enforcement Accreditation Program is a voluntary process where police agencies in Texas prove their compliance with 172 Texas Law Enforcement Best Practices. These Best Practices were developed by Texas Law Enforcement professionals to assist agencies in the efficient and effective delivery of service, the reduction of risk and the protection of individual's rights. These Best Practices cover all aspects of law enforcement operations, including use of force, protection of citizen rights, vehicle pursuits, property and evidence management, and patrol and investigative operations.

The Hedwig Village Police Department became an accredited agency in 2010. The recognized status is good for a four-year period, so in 2022, the department completed another full and rigorous examination by the Texas Police Chief's Association and was re-accredited. Being accredited is the gold standard for Texas law enforcement and should assure the citizens of Hedwig Village that its Police Department is conforming to the current state of the art in law enforcement.

More information and a complete description of the program may be viewed by going to the Texas Police Chief's Association website at <http://www.texaspolicechiefs.org>

## National Incident Based Reporting System

## Criminal Investigations Unit

The Hedwig Village Police Department Criminal Investigations Unit consists of one detective-sergeant and two detectives. Detective Sergeant Marvin Collins supervises the unit. The unit also maintains our website, processes evidence, conducts training and handles many other duties. The table below reflects the investigations conducted by the unit.

## Calls for Service

This table reflects the calls for police service handled by the department. Code 1 calls assume that a serious threat to life or serious bodily injury is in progress. Code 1 calls are dispatched immediately, and the response will normally be with emergency lights and siren activated. Code 2 calls assume a crime against property or a conflict between parties that could reasonably result in bodily injury to any person is in progress. A call for service may also be categorized as Code 2 if it is not in progress, but a response is urgent (i.e. burglar alarm, disturbance). Most calls are handled as a Code 3, which assumes no known emergency exists, such as a report call.

The house watches and business checks are outstanding programs that the department offers. The house watch is initiated by a resident, normally when the resident will be away from the home for a period of days, such as out of town on vacation. Once initiated, a police officer will physically go to the house several times each day, on all shifts, and check the perimeter of the house. Most business checks are conducted at night when the businesses are closed. This program is intended to prevent burglaries and vandalism.

Year	2021	2022	2023	2024
Code 1 Calls	59	15	41	33
Code 2 Calls	412	546	496	611

It is easy to register for and easy to cancel if you no longer wish to receive the emails. Just click on 'e-notification signup' on the home page of the city website at <https://www.thecityofhedwigvillage.com/> As part of our continued effort to keep our residents informed and protected, the police department strongly recommends all residents sign up for e-notification.

## Internal Affairs

The Internal Affairs process is meant to protect the integrity of the police department. We conduct a full and impartial investigation into every complaint against any of our employees and hold them accountable if we determine they fell short of our expectations. Each investigation will receive one of the below dispositions:

- a. *Unfounded.* The allegation is proven to be false or not factual.
- b. *Exonerated.* The incident occurred but was lawful and within departmental policy.
- c. *Not Sustained.* The investigation revealed insufficient evidence to either prove or disprove the allegation.
- d. *Sustained.* Allegations are proved to be true based upon a preponderance of the evidence.
- e. *Information Only.* No allegations were made against any departmental employee. The investigation was conducted to determine if departmental policies and procedures were followed.

In 2024, we completed 6 formal investigations as follows:

## Automated License Plate Recognition (ALPR)

The ALPR cameras snap pictures of license plates of vehicles traveling through the city and check the license plates through police databases. If the plate is from a reported stolen or wanted vehicle, an alert is sent to our Communications Center for dispatch to the units in the field. The cameras also aid in follow-up investigations.

The cameras are installed throughout Hedwig Village, the other Memorial Villages and Memorial City Mall. We also have access to readers in Katy, Jersey Village, and many other cities.

\*Hedwig Village Police Department used FLOCK ALPR cameras in 88 investigations

## Community Policing

The Hedwig Village Police Department has a philosophy of Community Policing, which means that the department works with the community to maintain public safety and prevent crime. Hedwig Village Police Officers are encouraged to become familiar with the community, listen to citizens' concerns, and assist them with problem-solving. Community Policing works to enhance public safety and improve the quality of life within the community.

## Crime Mapping

Your police department has partnered with Motorola's City Protect to provide a free to use on-line crime mapping program. This helps us keep you informed about recent criminal activity in our city. By accessing the link below, users can see a visual representation of crime sorted by zip code, address, street and/or city. Over 800 law enforcement agencies nationwide, including the Houston Police Department and the Harris County Sheriff's Office, utilize this service to keep their citizens informed. To access this service, visit [www.CityProtect.com](http://www.CityProtect.com)

## Drug Take Back

On October 26, 2024, a drug take back was held at Hedwig Village City Hall. The drug take back is designed to encourage the public to remove unneeded medications from their homes as a measure of preventing medication misuse and to help prevent opioid addiction.

Approximately 65.5 pounds of drugs were collected and transported to the U.S. Drug Enforcement Administration for destruction.

## Active Attack Training

In 2024, members of the Hedwig Village Police Department participated in additional training in Active Attack Response. This training was mandated by the State of Texas and included classroom and scenario based training. This training was a cooperative effort between Spring Branch ISD Police, Memorial Villages Police, Spring Valley Village Police and Hedwig Village Police. This improves coordination and response between the responding agencies in our area in the case of an active attack.
